Want to tell you who the library workers are and who the union is that represents them.

Want to highlight the issues we are struggling with as work

Through out the presentation those issues and struggles will be reflected by the words of our members. We did a online survey of our members last month and simply asked them how understaffing has effected them.

Want to focus on two issues in particular: precarious work and health and safety

Want to offer solutions and extend an invitation to you to be part of that solution.

This is one of the issues that isn't ever discussed though we have an annual recognition against violence in the workplace. 1 week a year. This was something workers really wanted.
Invited to attend our joint programme at TRL on April 24th at 2 pm in the Beaton Auditorium.
Workers still believe not being supported enough.
Although great co-operation with HR with the programme, Marketing doesn't seem as keen.

Violence in the Workplace

From Rules of Conduct
Incident Reports
System Summary 2011

Represents 20%
increase of incidents
overall from 2010

- **Violent behaviour: 103 incidents**
- **Theft(personal): 144 incidents**
- **Theft (library materials): 35 incidents**
- **Vandalism: 73 incidents**
- **Injury/illness: 127 incidents**
- **Fire: 8 incidents**
- **Flooding: 9 incidents**
- **Near miss: 19 incidents**
- **Other: 253 incidents**

Violent Behaviour

Almost no discussion of this at the board.

When the murder happened at Main Street, administration told you everything had been addressed.

First time there had really been a closure.

Health & Safety Committee representatives would not sign off on the report. 2 reasons.

1st employer refused to install a steel door on the staff room to provide a safe place for the staff.

2nd representatives wanted an acknowledgement regarding short staffing and this was refused. Children's department on second floor not staffed. BH went upstairs on her own when staff and public evacuating to ensure no children were upstairs and in harms way. Think how a phone call to a children's librarian would have been able to assist that kind of evacuation.

Some actual incidents

Changes to the reporting definitions give the appearance of a drop in violent behaviours

Short-staffing contributes to sense of unsafe working environment

Often only one staff member on the floor in large multi-story libraries

- Physical assault of staff at LHS
- Patron brawl at MAL; 1 arrested; 1 hospitalized
- Death threat against staff at SA
- Murder of patron at MA
- Homophobic harassment against staff at MAS
- Gun shots fired at several branches
- Dangerous sex offender apprehended at NYCL
- Stabbing of patron at CH
- Racial harassment of TRL staff via social media

Dear Rob:

Re: Letter of Understanding Number 20 - Payment for "in-charge" Duties

Under normal circumstances in-charge responsibilities in public service locations fall to the following classifications in the order listed below:

- I. Branch Head / Department Head
- II. Branch Head
- III. Services Specialist
- IV. Librarian
- V. Community Search Head
- VI. Operations Supervisors
- VII. Senior Library Assistant
- VIII. Library Assistant

The assumption of in-charge responsibilities is subject to operation and service needs and is normally based on seniority within the classification.

Any concerns relating to the assignment of in-charge duties may be addressed in Labour Management Committee.

Sincerely,

Dan Keon
